## Student and Programmer

### Interesting Facts

- I was the student representative on the school council for 3 years.
- I play basketball on the Pare Manyanet team
- I play drums in the Pare Manyanet Cobla Band
- I attend the Talent Jove program at the URV

### Coding projects

Although not all projects are public, among the projects I have programmed, I highlight:

- An AI voice assistant designed to help dementia patients
- A website with a connection to a Proxy server to avoid blocked pages
- A platform for creating questionnaires based on AI
- A cooking blog

### About me

Passionate about **programming** and **self-taught**. I define myself as a responsible person, with initiative and good treatment of people. I like to teach to share my knowledge.
